Spring #15
Clothes

ARE THE WORLD'S GREATEST VALUES.

We can't make you understand in a little newspaper ad like this what advantages we have in the market because of our enormous buying power for our 36 STORES. Our ability to get better patterns and styles, better fabrics and workmanship. How we look and buy far ahead, how we go right to the mills and find out all about prices and values long before many merchants begin thinking about their needs. How we can afford to sell CLOTHES for so much less profit because of our volume of business and small expenses.

ALL OF THIS MEANS A BIG SAVING TO YOU.

For \$15 we are able to give you the quality you want in your new Spring Suit. It's out of the question to do it for less.

PLAN TRIP TO MUSCLE SHOALS

Chamber Organizing to Take
Local Business Men to
New Development.

The Chattanooga Chamber of Commerce is planning to have what will be known as an "educational trip" to Muscle Shoals some time before the middle of this month. A special committee was appointed by President R. C. Jones Thursday afternoon, and a meeting called for Friday afternoon at 2 o'clock at which preliminary plans for the trip will be mapped out.

Those who have been asked to serve on the special committee are:

John Stagnamer, representing the Jobbers' association.

Fred Arn, representing the Chattanooga Manufacturers' association.

B. T. Fancette, representing the Rotary club.

Arthur Bell, representing the Young Men's Chamber of Commerce.

Chas. Hardie, representing the Retail Merchants' association.

J. Read Volgt and J. L. Handley.

No time has as yet been fixed for the trip, but the excursion will be made as soon as plans can be perfected. The committee in charge has the assurance of the railroad that the necessary extra Pullmans will be available. Members of the party will arrange to spend at least a day and night in Sheffield.

The committee in charge feels that Chattanooga has always been actively identified with the developments at Muscle Shoals. Two men, one of whom was a Chattanooga, conceived the plan of bringing about the improvement of the Tennessee river at Muscle Shoals as a power proposition, rather than merely a navigable

FACES FRED FULTON HERE TONIGHT

"Giant" Jim Harper, of Kansas City; 6 feet, 3 inches; 212 pounds, and not afraid of Jess Willard's most dangerous rival.

TONIGHT'S BOXING CARD.

Joe Turner vs. Battling Rich.
Kid Russell vs. Young Jackson.
Frank Wallace vs. Soldier.
Fred Fulton vs. Jim Harper.

The guns are primed, the decks stripped for action and both giant battlers, Fred Fulton and Jim Harper, are trained down to the pink of condition for tonight's exhibition at the Union Athletic club. Three promising preliminaries have been arranged as an appetizer, and then the big boys close the show. Though Fulton may not be entirely in earnest and may consider tonight's contest a little sparring practice to keep him in good trim, Jim Harper is in dead earnest and is already building air castles whose foundation is tonight's success.

Fulton has an inch and a half for height on his opponent and a slight margin in weight. His records cease to show "knocked out by" since 1914, the boys being on the other side of the register. By way of review, however, it may be remembered that Al Falzer cornered Fred's goat in just four rounds, only one round longer than it took Fulton to place Moran on the shelter list a few days ago down New Orleans way.

stream. The first man to whom they submitted this idea to was the late John A. Patten, who almost immediately saw the prospects and was the first to put his influence and means behind it. Those who are arranging for this "educational trip" to the shoals also feel that there is no other city on the Tennessee river that will be benefited more from the improvement of the river than Chattanooga, when all the dams projected have been built. They also believe that Chattanooga should, through its manufacturers and wholesale dealers, get a big slice of the business incident to the construction of dam No. 2 and the other jobs that are under way, or that will be under way in the vicinity of the shoals.

Up to this time, it is understood, the Chattanooga business interests have not gone very vigorously after this business. However, the committee believes that a large number of the business men will want to take advantage of the trip in order to acquaint themselves with the project around Sheffield and get in touch with the business interests so as to sell their goods there.

A Bilious Attack.
When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. (Adv.)

REICHSTAG REFUSES TO ALLOW PROSECUTION

Amsterdam, March 1.—The German reichstag, the Frankfurter Zeitung says, on Wednesday, without debate, refused the request of the Bremen court-martial for authority to institute the criminal prosecution of Deputy Alfred Hencke, a social democrat. He was charged with instigating an offense against the state of siege law.

During the labor outbreaks in Germany, a number of martial law was declared in a number of the larger cities, including Bremen. It is probable that the proposed prosecution of Deputy Hencke was in connection with the state of martial law in Bremen.

HOSPITAL SHIP SUNK BY U-BOAT, IS DECLARATION

London, March 1.—Sworn statements, made independently by two survivors of the British hospital ship Glenart Castle, which went down Tuesday in the Bristol channel, an official announcement says, make clear that the ship was sunk by an enemy submarine, which was sighted in halting distance within ten minutes of the time the ship was struck. "It will be noted," the announcement says, "that the Glenart Castle was in a free area and was sunk even in the breach of the German pledge given as to the immunity of hospital ships from attack in that area."

The total number of persons saved from the ship, so far reported, are twenty-nine. One hundred and fifty-three still are missing.

SIX HUNDRED THOUSAND HORSEPOWER PROMISED

Washington, D. C., March 1.—When the government plant at Muscle Shoals is completed it is said here on the best authority that 600,000 horsepower will be generated there. There is now being generated at Niagara Falls on the American side 210,000 horsepower, the Muscle Shoals project thus being over three times as great. There are now employed at the shoals 6,000 people. When work is set at top speed on the plant and dam this number will be increased to 20,000. When the big nitrate plant is completed it will afford employment to 2,000 men.

FORMER SECRETARY OF NAVY SERIOUSLY ILL

Boston, March 1.—George Von L. Meyer, formerly secretary of the navy, who has been seriously ill at his home here for three weeks, is suffering from a tumor of the liver and his condition today was regarded as serious.

Dr. Henry Jackson, Mr. Meyer's

INTER-CAMP BOXING CARD AT BIRMINGHAM

Birmingham, Ala., March 1.—With thirty-two entries and interest high, everything is ready for the boxing tournament of the Southern Amateur Athletic union, which opens here tonight under the auspices of the Birmingham Athletic club. Preliminaries will be held tonight and finals Saturday night. Drawings will be made and the men weighed in this afternoon. Boxers from Camps Sheridan, McClellan, Shelby, Gordon, the naval training station and Jefferson barracks at New Orleans, New Orleans representatives and the Birmingham Athletic club are entered in the events. Winners in the finals here will go to Boston to participate in the national amateur championship tournament.

cated with the three players, but that he expected them to join the Athletics before they leave for the southern training grounds this month.
